How to read a talk

> **For the person reading:** read the plain text out loud, just as it is written. Lines in *italics* are notes to you, not to the crew. You do not need to be a speaker. Stand up, read it, ask the questions, collect the signatures.

IN SHORT

1. Read the plain text out loud, just as it is written.
2. Do not read the italic lines to the crew. They are for you.
3. Ask the questions and give people a moment to answer.
4. Pass around the sign-in sheet and collect the signatures.
